

MINOR ENERGY EFFICIENCY HOME REPAIR PROGRAM

Federal Community Development Block Grant –Recovery (CDBG-R) program funding by the U.S Department of Housing and Urban Development to enhance the energy efficiency of eligible owner-occupied housing units located within the Town of Davie.

This program will assist income eligible homeowners with minor energy efficiency modifications and/or repairs.

Repair grants will range from \$6,000 – 8,000 per household.

Examples of minor energy efficiency modifications and/or repairs include but are not limited to:

- Replacement of light bulbs
- Replacement of hot water heaters
- Repair or replacement of A/C units
- Repair or replacement of heating and cooling ducts
- Insulation
- Weatherstripping
- Sealing of openings (to prevent outside elements from entering the dwelling)
- Installation of water conserving plumbing
- Installation of programmable thermostats

Broward County Income Category Chart	
Household Size	Low 80%
1	\$42,850
2	\$48, 950
3	\$55,100
4	\$61,200
5	\$66,100
